

(Regulations of the Fair Political Practices Commission, Title 2, Division 6, California Code of Regulations.)

**§ 18531.5. Recall Elections.**

(a) Definitions. For purposes of this section:

(1) "Target officer" means an elected officer who is the subject of a recall effort.

(2) "Replacement candidate" means a candidate within the meaning of Government Code section 82007 who is running to replace a target officer in the event the recall is successful and who is on the same ballot as the recall measure.

(b) Application of Contribution and Voluntary Expenditure Limits to State Recalls.

(1) Target Officer. Pursuant to Government Code section 85315, the contribution limits of Chapter 5 of the Act do not apply to contributions accepted by an elected state officer who is the target of a recall into a separate recall committee established to oppose the qualification of the recall measure or the recall election. Pursuant to Government Code section 85315, the voluntary expenditure limits of the Act do not apply to expenditures made by an elected state officer who is the target of a recall to oppose the qualification of the recall measure or the recall election.

(2) Replacement Candidates. The replacement candidates in a state recall election are seeking elective state office and therefore the contribution and voluntary expenditure limits of Chapter 5 of the Act apply to replacement candidates.

(3) Committees Primarily Formed to Support or Oppose a Recall. A recall is included within the definition of a "measure" in Government Code section 82043. Therefore, except as provided in this subdivision, the contribution and voluntary expenditure limits of Chapter 5 of the Act do not apply to a committee primarily formed to support or oppose a recall. As to

candidate controlled recall committees, the provisions of 2 Cal. Code Regs. section 18530.9 apply.

(c) Committee Formation and Campaign Report Filing Obligations. All candidates and committees that raise and spend funds in connection with a recall have full reporting and disclosure obligations under Chapters 4 and 5 of the Political Reform Act.

(1) Target Officer. A target officer may use a committee for the office held to oppose the recall. A target officer may also establish a separate committee to oppose a recall upon receiving a notice of intent to recall the officer pursuant to Elections Code section 11021. A target officer must deposit contributions accepted in the separate committee to oppose the recall in a single bank account at a financial institution located in the State of California which is separate from any other bank account held by the officer, including any campaign bank account. The word "recall" and the name of the target officer shall be included as part of the committee name in the statement of organization filed for the committee pursuant to Government Code section 84107.

A target officer opposing a recall is not required to file a new statement of intention to be a candidate for elective office pursuant to Government Code section 85200.

(2) Replacement Candidate. A replacement candidate may establish a committee to seek elective office in a recall election. A replacement candidate must disclose all contributions received and expenditures made pursuing elective office, even if the target officer has not yet been served with notice of intent to recall. A replacement candidate is required to file a statement of intention to be a candidate for elective office pursuant to Government Code section 85200.

(3) Committees Primarily Formed to Support or Oppose a Recall (Including Recall Proponents and Opponents). A person or group of persons who raises or spends more than \$ 1,000 for a recall attempt qualifies as a "committee" under Government Code section 82013

when the target officer is served with a notice of intent to recall pursuant to Elections Code section 11021. Once the notice of intent to recall is given, the committee must report on its first campaign statement all contributions received and expenditures made for the purpose of influencing the electorate to sign a recall petition or to vote for or against a recall election, regardless of when the contributions were received or expenditures were made. A committee primarily formed to support or oppose the recall of an elected officer must identify in the committee name, the name of the elected officer and whether the committee is in support of or opposition to the recall.

(d) The amendments to this regulation adopted by the Commission on June 25, 2004, shall become effective November 3, 2004.

Comment: Committees active in a recall must file all campaign reports required by Chapters 4 and 5 of the Act. These reports include the following: the target officer, committees primarily formed to support or oppose a recall measure, and the replacement candidates must all file the semi-annual campaign reports and two pre-election reports preceding the recall election, required by Government Code sections 84200 and 84200.5, 84200.7 or 84200.8. In addition, committees primarily formed to support or oppose a recall measure, including a separate committee established by a target officer to oppose a recall measure, must file quarterly campaign reports required by Government Code section 84202.3. For recalls of an elected state officer, the electronic reports required by Government Code section 85309 must be also filed.

In addition, pursuant to Government Code sections 81013 and 81009.5, nothing in the Act prevents a local jurisdiction from adopting a local ordinance with additional or different requirements applicable to candidates or committees involved in recall elections in that jurisdiction, including applying contribution limits to all candidates and committees participating

in the recall, so long as the local ordinance does not prevent the persons from complying with the Political Reform Act.
